Thinking
of God

Larry Sheehy

What's the practical value of faith in God?

Faith is the channel through which we receive the blessings of God designed for his children.

"By grace ... through faith" is the way Paul said it in his letter to the Ephesians (2:8). While it is true that ... he

makes his sun rise on the evil and the good, and sends rain on the just and the unjust" (Matthew 5:45), the Lord blesses those who love him in spiritual ways reserved for them alone.

Faith is designed to protect us in times of difficulty.

During her 100th birthday party at Forest Heights Country Club, Eleanor Akins tells great-nephew Wayne "Wawa" Pless that she wants to stop taking her medicine because Coca-Cola makes her feel better.
